

# digifilm™ 70 external

harnessing the environment with  
the latest in window film technology

## reduce the energy, enjoy the light

digifilm™ 70 external window film is a highly effective coating which reduces incoming solar heat and UV light, helping you to save money on energy bills, protect occupants and reduce fading. Professionally installed digifilm™ is virtually undetectable, making it ideal for business and the retail sector.

## Reducing energy costs and CO<sup>2</sup> emissions

## performance data

total solar energy rejected	55%
